Ethics Brief  
July 2021

---

Tribal Officials and their immediate family are not allowed to solicit or accept anything of monetary value from a contractor, sub-contractor, or potential contractor of the Tribe.

Immediate family is defined as:

- Parents
- Spouse
- Siblings
- Children

A Tribal Official is responsible for asking their immediate family if they have accepted any gifts that would violate this section.

The Gift Reporting form provided by the Office of Internal Audit and Ethics asks the Tribal Official if they have made an inquiry of their immediate family.
